## ABOUT SUITE 202

### WHO WE ARE

Located in Warren, RI, **Suite 202** is a creative agency with a specialized team of interactive designers, motion graphics animators, sound engineers and producers. We provide our clients with real-world solutions to all creative challenges.

With a focus on messaging, and a concentration on creative delivery methods, **Suite 202** provides a valuable perspective, and gets phenomenal results.

**Suite 202** knows that maintaining a consistent brand identity is critical in a competitive marketplace, so we provide comprehensive strategies that reinforce your image. Be it your web presence, interactive design, or game development, we will make sure your marketing materials convey your message in a way that is both interesting and effective.

#### MOTION GRAPHICS

Suite 202 Motion Graphics combine art, motion & design to deliver end-to-end solutions in the latest digital production, from concept to delivery. Our toolset contains a full HD post-production suite including the latest in motion graphics technology including After Effects, Maya, and 3D Studio Max, as well as a full HD production crew for any location shoot, required to tell your story.

#### SERVICES INCLUDE:

- \* Full HD Post-Production
- \* Motion Graphics
- \* Compositing
- \* Scriptwriting
- \* Storyboarding
- \* Location and In-Studio Shoots

#### INTERACTIVE

Suite 202's main focus is to design simple but elegant interfaces that provide our customers with a clean and coherent visual structure. Our skill set provides solutions ranging from HTML/CSS to the most cutting-edge rich media applications including Flash, jQuery, and JavaScript. We are also a preferred provider of game development technologies, including Flash & Torque.

#### SERVICES INCLUDE:

- \* Custom Web/Interface Design
- \* Flash Animation/Development
- \* Game Development
- \* Information Architecture
- \* Backend Architecture

#### AUDIO PRODUCTION

With a combined 30 years experience in music composition and multitrack recording, the Suite 202 audio team delivers highly professional results. Through the use of a classic "Analog" front-end and the flexibility of digital recording and editing, Suite 202 is the perfect musical solution for your next film, video, multimedia, VO or group project.
